Re: In the Matter of the Application of Digital Transportation Corporation for
Approval of a Certificate of Public Convenience and Necessity to Provide Private
Line Telecommunications Services in Arizona

Docket No. T-2093A-15-0290

Dear Mr. Connolly:

This letter is in response to your Letter of Deficiency dated September 11, 2015. I am writing you to request additional time to respond to the deficiency letter.

The sole deficiency noted in the letter is a certificate of good standing from the Corporations Division. Digital Transportation Corporation ("DTC") is a California corporation. It has applied for authority to transact business in Arizona with the Corporation Division, but unfortunately it has encountered difficulties that have delayed its application.

As we have discussed, in an effort to avoid attorney's fees, DTC has attempted to complete the Corporations Division process itself. Unfortunately, this has resulted in a number of delays, and DTC's application has been returned twice for technical reasons. DTC resubmitted a corrected application for authority to the Corporations Division on October 30, 2015.

According to the Corporations Division's processing times website as posted on the Commission's website, as of Monday November 9, 2015, the Corporations Division was then working on new corporate filings submitted on October 20, 2015, and the estimated processing time was 15 to 19 business days. Thus, we anticipate that the Corporations Division will review DTC's corrected application sometime during the week of November 23. In light of the Thanksgiving holiday that week, the Corporations Division's review may not be completed until

the following week. Thus, DTC requests until December 10, 2015 to submit the Certificate of Good Standing.

Please do not hesitate to contact me if you have any questions or concerns.

Very truly yours,

Snell & Wilmer L.L.P.
